## How MyCaptain Works

Take the first step to make your passion your career

### MONTH LONG

A 30 day, online workshop, you can attend from wherever you are. All you need is your phone and an internet connection.

**20**  
STUDENTS

### SMALL BATCHES

Be part of a batch 20 other teenagers who are as passionate as you are! Interact, learn from the Captain and each other.

### LIVE & ONLINE

Interact with the captains live over the online platform. Ask all doubts and come to know more about your passion.

### TASKS

Perform tasks that simulate the real world experience, so you know what is out there in the real world, beyond school.

### CERTIFICATES

Participate in discussions, finish the tasks and get certified that you have taken up a workshop in the field of your passion.

### LIVE PROJECTS

After the workshop is over, you can opt in for an opportunity to take part in live projects that will help you explore the field!

## Who is a Captain?

A Captain is one who leads and inspires others.

### Our Captains are young achievers who have dared to follow their passion!

They are published authors, editors, poets, successful entrepreneurs and coding behemoths! And they're all less than 25!

They will help you develop your skills, provide personal and invaluable feedback and also help you explore the field through live projects.

## DON'T BELIEVE US? HEAR THEM OUT.

Kanak Kataria, 17yrs, (Creative Writing)

It is said that the pen is mightier than the sword, and while that is indeed debatable, there's no denying that a world without language would be an infinitely duller one compared to the one we have today. The

Everything's been great. I had the opportunity to interact and learn with like minded people. The Climber is doing a good job ; session wise learning was effective . Instant doubt clarification by you guys were great!

Vaishali , 19yrs, Chennai (Entrepreneurship)

10/10 ! Definitely not like the other workshops ! The group is very small and we can clear our doubt's anytime.

It's a really unique way to interact, its value for money and I would really recommend
